

Save money and improve drivers' safety with Motive's fleet management solutions.

Acuity and Motive's AI-powered safety solutions have teamed up to help you protect your drivers and your bottom line. Fleets can take advantage of exclusive discounts on Motive's comprehensive solutions.

Motive & Acuity, better together

- **Industry-Leading Driver Safety Solution:** Motive's highly accurate AI monitors and protects your drivers, and gives you the tools to prevent accidents and expedite claims resolution. The DRIVE risk score makes it easy to coach drivers and improve driving behaviors through in-cab visual and audible alerts. Additionally, Motive's in-house safety team adds context and severity to ensure you can focus on vital issues.
- **Customized Risk Management Plans:** Motive's telematics helps Acuity's team of loss control experts develop risk management plans tailored to fleets' unique operations.
- **Exclusive Pricing:** Acuity insureds who use Motive's safety solutions may be eligible to receive a discount from Motive, which has an ongoing subscription model paid annually, quarterly or monthly.

Proven Results:

50%

Fewer accidents with frequent coaching

21%

Reduction in accident-related costs

72%

Fleets exonerated by dash cam video
