

# Build a world-class fleet safety program

Nirvana customers can access Motive's state-of-the-art camera system at a discounted rate. Enjoy continued support, 24/7 technical support, and easy installation to ensure you get the most from your investment.

Motive dash cams are designed to prevent accidents, exonerate drivers, and lower fleet costs.

### Smart Dashcam:

Instantly detect unsafe driving habits, like distracted driving and tailgating, and alert drivers to modify their behaviors in real time.

### AI Dashcam:

Powered by a cutting-edge AI processor and advanced computer vision algorithms, The Motive AI Dashcam helps drivers modify risky behaviors instantly to reduce accidents.

## Exclusive Nirvana Pricing:

As a Nirvana customer, unlock savings of **10% or more** on the hardware and monthly subscription for Motive devices. A Motive Account Executive will help you select the best camera for your individual needs.

Solution	Monthly cost per unit before discount	
	List prices 3-year term
